## Conference Call Agenda/Minutes

### ➤ Roll Call

Quorum established.

### ➤ Approval of Meeting's Minutes from 06-18-2020

Motion to approve the minutes was made by Stan Murzynski (PA); seconded by Depris Price (NC). Unanimously approved.

### ➤ PMIX Schema

Several subcommittee members were not able to access the MS Teams folder. TTAC sent copies of documents via email to participants.

**PMIX\_NIEM\_4.0\_ComprehensiveRequestSample:** No comments/suggestions by subcommittee. Motion to accept this schema and send to the PMIX Executive Committee made by Depris Price (NC) and seconded by Naresh Sundar Rajan (NE). Unanimously approved.

**PMIX\_NIEM\_4.0\_PMP\_PrescriptionReportPMPEXchangeSample:** Julio Mendoza (KY) suggested to add the original patient search query elements in the response. Sanjay Ungarala (Tetrus) stated that it was designed as a synchronous communication and the query can be correlated with the response by the request ID. Subcommittee decided that the inclusion of the additional elements was not needed since the request/response can be matched by the request ID and the additional information will increase the size of response data. No other comments/suggestions by subcommittee. Motion to accept this schema and send to the PMIX Executive Committee made by Stan Murzynski (PA) and seconded by Naresh Sundar Rajan (NE). Unanimously approved.

### ➤ 2020 Goals for Subcommittee

➤ Other Business

None mentioned.
