Federal		
Office of Justice Programs	Peter Nguyen	N
Office of Justice Programs	Abid Rizvi	Y
Support		
PDMP TTAC	Jim Giglio	Y
PDMP TTAC	Patrick Knue	Y
Guests		

Conference Call Agenda/Minutes

➢ Roll Call

Quorum established.

➢ Approval of minutes 1-21-20

Motion to approve the minutes made by Abid Rizvi (OJP); seconded by Natasha Colvin (MA). Unanimously approved.

➢ Alerts and Notifications

Notification	Description	Implementation
PDMP Error Notification	Disproportionate number of errors being returned from a PDMP system.	Email notification to both the PDMP contacts.
Hub Error Notification	Disproportionate number of errors being returned by the hub system.	Email notification to hub contacts.
Timeouts – State	Disproportionate number of timeouts between the hub and the state.	Same as above but with different message.
Timeouts - Hub	Disproportionate number of timeouts in the hub processing.	Same as above but with different message.

Abid Rizvi (OJP) – consider adding in functionality to send text message to PDMP contact cell phone as well. This recommendation will be presented to the PMIX Executive Committee.

Jean Hall (KY) recommended that the alert messages be separated for PDMP notifications and hub notifications.

For certification with these notifications, the hubs are either doing the messaging or not; no tiers.

➢ Tiers for Other User Roles

Role	Definition	Requirements for PMP Access
Prescriber Delegates - Licensed	A person who is designated as a delegate by a prescriber master account holder in the prescription drug monitoring system and holds a professional license such as Registered Nurse (RN), Psychologist, Dental Hygienist, etc.	Requests on behalf of their master account holder who assumes responsibility for the delegate user and ensures that the account is current and accurate. Must have a professional license.
Prescriber Delegates - Unlicensed	A person who is designated as a delegate by a prescriber master account holder in the prescription drug monitoring system.	Requests on behalf of their master account holder who assumes responsibility for the delegate user and ensures that the account is current and accurate.
Other Non-Prescribers	States who are sharing using this role must discuss the definition and requirements.	
Dispenser Delegates - Licensed	A person who is designated as a delegate by a pharmacist master account holder in the prescription drug monitoring system and holds a professional license such as Certified Pharmacy Technician.	Requests on behalf of their pharmacist master account holder who assumes responsibility for the delegate user and ensures that the account is current and accurate. Must have a health/medical professional license.
Dispenser Delegates - Unlicensed	A person who is designated as a delegate by a pharmacist master account holder in the prescription drug monitoring system, such as a pharmacy technician or pharmacy clerk.	Requests on behalf of their pharmacist master account holder who assumes responsibility for the delegate user and ensures that the account is current and accurate.
Substance Abuse/Mental Health Professional	A person who is licensed by a state to provide counseling and other services for individuals with substance abuse disorders or other mental health disorders.	States may require a state license to practice.
Institutional Account Holder	An agreement between a state and a facility/institution for the management of user access.	*This is not an actual role for data sharing. The states that use this role may send it under another category.

These roles have already been categorized (see spreadsheet from October 2019).

➢ Review Alternate Metadata Proposal

Alternate Metadata Elements	Element Name	Definition	NIEM or PDMP	Constraints
User Role	RequestorRole	PMIX Healthcare Role	PDMP	
Requestor First Name	RequestorGivenName	String/Should be the given name on provider IdentificationID	NIEM	
Requestor Last Name	RequestorSurName	String/Should be the given name on provider IdentificationID	NIEM	
Requestor ID	IdentificationID	String		Can there be constraints based on the ID type?
Requestor ID Type	IdentificationCategoryCode	DEA, NPI, State License?		
Requestor Organization	RequestorOrganizationName			
Requestor Facility				
Facility ID Type	FacilityIdentification/ IdentificationCategoryCode			
Facility ID	FacilityIdentification/Identification ID			
Date/Time of Request from Originating System	RequestDateTime			
Hub Search/Request ID	HubRequestID			
Hub Disclosure/Response ID	HubDisclosureID			
State Search/Request ID	StateRequestID			
State Disclosure/Response	StateDisclosureID			

ID				
Disclosing State	DisclosingState			
Requesting State	RequestingState			
Hub Used ID (RxCheck, PMPi)	HubUsedIdentification/ HubIdentificationCategoryCode	RxCheck, PMPi, Other	PDMP	

Table the review of the alternate metadata elements until the proposals has been finalized and approved.

- ➢ Other Business
  Next meeting: compile into a document for the PMIX Executive Committee to review. TTAC will send notes to subcommittee to determine how best to present the information to the PMIX Executive Committee.

- ➢ Next Meeting – May 19th at 2-3p ET
