Prescriber - Mandatory PDMP Use

Effective Date(s): July 22, 2015

Details:
Prescribers shall query when prescribing: 1) an opioid from Sch. II or III for every time prescribing the medication to a patient; and 2) a benzodiazepine for the first time prescribing; exceptions to the query requirement for practitioners administering a CS immediately before or during surgery; during recovery from a surgery while in a healthcare facility; in a healthcare facility; or necessary to treat the patient in an emergency situation at the scene of an emergency, in a licensed ambulance or air ambulance, or in the intensive care unit of a licensed hospital; exceptions to the query requirement for practitioners administering a CS to a patient receiving palliative or hospice care, a resident in a nursing home facility, or situations in which the PDMP is not accessible; a licensed oncologist to query the PDMP when prescribing to a patient on an initial malignant episodic diagnosis and every three months when following the diagnosis while continuing treatment; Further provides that if the information appears to indicate misuse or abuse, the department shall notify the practitioners and dispensers who have prescribed and dispensed in the following manner: quarterly reports to the individual prescribers and dispensers and, if after 12 months of providing such reports, the information indicates the misuse or abuse may be continuing, the department shall send a report to the licensing boards of the practitioner or dispenser who prescribed or dispensed the prescription. A prescriber found to be in violation of prescription drug laws shall be required to register with the PMP and access prescription information before writing a prescription for an opioid and provides that the board may remove the requirement after an interval of time if appropriate; a prescriber treating a patient for chronic, non-malignant pain shall check the PMP for the patient at least every six months; Advanced practice registered nurses shall query the PDMP at least every six months when prescribing for chronic, non-malignant pain; optometrists, physicians, and APRNs who have been found to be in violation of a law or regulation involving prescription drugs shall query the PDMP prior to prescribing a prescription for an opioid; APRNs with prescriptive authority who have been found guilty, by the Board of Nursing, of violating a law or rule involving prescription drugs shall review a current report (run within the past 30 days) from the Prescription Drug Monitoring Program prior to prescribing an opioid. Review of this report shall be documented in the patient’s medical record. APRNs with prescriptive authority shall review PDMP report from the Prescription Drug Monitoring Program prior to prescribing: a. An opioid from Schedule II or Schedule III every time prescribing the medication to a patient; and b. A benzodiazepine medication for the first time and every six (6) months thereafter prescribing for a patient. Optometrists shall query the PDMP when prescribing an opioid from Schedule II or III for every time prescribing the medication to a patient and a benzodiazepine medication for the first time prescribing the medication to a patient.
