Effective Date(s): July 1, 2016

Details:
All practitioners, except veterinarians; Locums are exempt.

Use Mandates

Prescriber - Mandatory PDMP Use

Effective Date(s):

Details:
Prescribers must query prior to prescribing a Schedule II - IV controlled substance; as necessary. The mandatory query requirement does not apply to any prescription: (1) for a supply of three days or less that is made in an emergency situation, by an emergency medical provider, or in an emergency room; (2) that will be administered directly to a patient under the supervision of a health care provider licensed to practice within the state, provided that a medically-indicated query of the PDMP is made when the patient is initially admitted for inpatient care at a hospital; (3) that it is an initial prescription for a patient being treated for post-operative pain, provided that the prescription is limited to a 3-day supply with no refills; (4) for a patient with a terminal disease receiving hospice or other types of palliative care; for purposes of this paragraph, “terminal disease,” means an incurable and irreversible disease that will, within reasonable medical judgment, produce death within six months; or (5) prescribed while the state PDMP is non-functional.
