Animal v. Human Patient Reporting Differences:

Reporting Issues: Veterinarian does not have a DEA or NPI number, It will be a change in process for veterinarians to collect the owner's date of birth.

Reporting Miscellaneous Information: We are moving towards a model where pharmacies report to the PMP using the owner's first and last name and DOB. Upon querying, the veterinarian will only see animal data. However, prescribers for humans will see all data (both animal and human), as will pharmacists.
