## Miscellaneous Capabilities and Policies

Data collection frequency: Daily

Zero-reporting Zero-reporting frequency:

Mandatory E-Prescribing (EPCS)

Payment method captured

Patient ID required to be presented to dispenser

Patient ID captured

ID of person (other than patient) dropping off capture

ID of person (other than patient) picking up capture

Mandated use of advisory group

ICD-10 Codes Collected

Deceased Patient Field

HIPAA Covered Entity

Certified as CMS Specialized Registry

User-friendly web interface

Data analysis software

Online user guides/educational materials

Patient consent required before data release

Required notification to patients of Query

Patient Breach Notification Method

Patient Breach Notification Method Other:

PDMP Effectiveness Stud

We have 2 different types of evaluations currently. Evaluation of the PDMP users experiences and how using the PDMP is changing behaviors.

Frequency unsolicited alerts/reports generated:

Delivery method for unsolicited alerts/reports:

Ability to identify prescriber specialty

Ability for users to set thresholds for alert notices

Ability for users to do user-led alert notices

Unsolicited alerts to practitioners not enrolled in PDMP

Ability to search for multiple patients in one query

Maximum number of patients in one query: Unlimited

Supervisor review/audit of delegate accounts

Number of delegates allowed unlimited

Ability to de-identify data

Authority to release de-identified data

Authority to release for epidemiological or educational purposes

Engaged in release for epidemiological or educational purposes

Identifiable Data to State Health Department

Identifiable Data to local Health Department

Patient Notification of Breach

Patient Breach Notification Written

- 

### Veterinarian Policies

- Veterinarian access to owner's prescription history     Veterinary Icon on PDMP Report

Criteria for veterinarian queries:    Animal Owner's Name  
Reporting method:    Web Portal  
Reporting description:    Veterinarians are required to report  
Data Fields:    PAT07 - Last Name, PAT08 - Owner's First Name, PAT19 - Owner's Gender, PAT20 - Species Code, PAT21 - Name of Animal, Please note that Owner gender and DOB are not required fields but can be provided.

- Animal reporting specifications same as human patient

Animal v. Human Patient Reporting Differences: Veterinarians are only required to report CS II-V (Human drugs are all dispensed prescriptions regardless of schedule) also veterinarians are not required to provide owners DOB.

Reporting Issues: Veterinarian does not have a DEA or NPI number, Veterinarian does not have animal owner's information, Veterinarian's software does not allow electronic submission of data, Veterinarian's software is not able to report data in ASAP format

Reporting Miscellaneous Information: Clear directions for veterinarians reporting requirements are needed. We have found that this population has needed additional instructions on conversion of NADA and NDC numbers to an 11-digit format. Veterinarians also have expressed issues or concerns about changing animal names (for the same animal), multiple owners picking up the animal or medications for the animal, their software isn't aligned with automatic reporting of dispensed medications, there have been some issues with veterinarians still using paper/pen method of patient records and not have computer/internet access, veterinarians that do not work in a clinic but still dispensing (e.g. house calls, mobile vets). This population is not as familiar with reporting mandates in general and extra education and documentation has been needed.

- Reporting Mandate Compliance

Compliance Details: We work with veterinarians, their professional associations and licensing to ensure compliance.

Reporting Mandate Actions

Enrollment Description: Veterinarians are exempted from enrollment as data requesters

Enrollment Mandate Criteria: We do not have any mandatory enrollment in the state. Veterinarians are not allowed to view PDMP data but are required to submit dispensed data.

- Enrollment Mandate Compliance

Compliance Details:

Use Description: Veterinarians are not permitted by statute/rule/policy to query

Use Criteria:

- Use Mandate Compliance

Compliance Details:
