Veterinary Policies

Data transmission frequency for Veterinarians: Weekly
Criteria for veterinarian queries: Animal Owner's Name
☑ Veterinarian access to owner's prescription history
☑ Reporting Specifications

Reporting Method: Electronic, Web Portal

Reporting Specifications:

Data Fields: PAT07 - Last Name, PAT08 - Owner's First Name, PAT18 - Owner's Date of Birth, PAT19 - Owner's Gender, PAT20 - Species Code, PAT21 - Name of Animal,

Reporting Description: Veterinarians are required to report

☑ Reporting Mandate Compliance

Reporting Compliance Details: They will be part of the Audit/Compliance Initiative that the PDMP will be conducting in coordination with Board of Pharmacy compliance staff.

Reporting Mandate Actions:

Reporting Issues: Veterinarian does not have animal owner's information, More and more veterinarians are writing Rx and owners are filling the Rx in human pharmacies and the human pharmacies do not have the owner information either. We have sent out communications on the required data for these types of Rx and have asked human pharmacies to reach out to the veterinarians to obtain the correct information.

Reporting Misc Information:

☑ Enrollment Mandate Compliance

Enrollment Description: With regards to veterinarian facilities, only the "owner" of the controls would register as the dispenser and the other veterinarians would be reported as the prescriber on the uploaded report. So not every veterinarian has to register as a dispenser unless they are purchasing the controls.

Enrollment Mandate Compliance Details: We have semi-automated registration and access to a list of DEA holders in NH. We will take the DEA list compare it to the licensing list provided by the regulatory board to determine who is required to be registered and then compare that list to the registration list. Those veterinarians who are not registered with the PDMP will be reported to the Veterinarian Board for disciplinary action which can include not having their license re-newed.

Enrollment Mandate Criteria: All veterinarians with a NH license and a DEA # associated with their NH license are required to register with the NH PDMP. This is different than registering as a dispenser, which is a different registration that allows them to upload all dispensations from their facility.

☐ Query Mandate Compliance

Query Description: veterinarians minimally query the system.
