De-Identified Data Retention Details:
☐ Retain De-Identified Data

Record Retention Details: Oregon Revised Statute 431.966(4): Information in the prescription monitoring program that identifies an individual patient must be removed no later than three years from the date the information is entered into the program. Law requires only purging patient information older than 3 years, but we purge all data within the system older than 3 years. This happens on a rolling monthly basis.

☑ Patient Notification of Breach
Patient Breach Notification Method: Mail

☑ Written Notification of Breach
Patient Breach Notification Method Other: When the Authority is informed of any suspected breach of the system or unauthorized access, the Authority shall notify the Authority's Information Security Office and investigate. If patient data is determined to have been breached or accessed without proper authorization, the Authority shall notify all affected patients, the Attorney General, and the applicable health professional regulatory board as soon as possible but no later than 30 days from the date of the final determination that a breach or unauthorized access occurred. Notice shall be made by first class mail to a patient or a patient's next of kin if the patient is deceased. The notice shall include: (a) The date the breach or
unauthorized access was discovered and the date the Authority believes the
breach or unauthorized access occurred; (b) The data that was breached or
accessed without proper authorization; (c) Steps the individual can take to
protect him or herself from identity or medical identity theft; (d) Mitigation
steps taken by the Authority; and (e) Steps the Authority will take to reasonably
ensure such a breach does not occur in the future.
