## Miscellaneous Capabilities and Policies

### Data collection frequency: next business day

- [✓] Mandatory E-Prescribing (EPCS)
- [✓] Payment method captured
- [☐] Patient ID required to be presented to dispenser
- [☐] Patient ID captured
- [☐] ID of person (other than patient) dropping off capture
- [☐] ID of person (other than patient) picking up capture
- [✓] Mandated use of advisory group
- [☐] ICD-10 Codes Collected
- [☐] Deceased Patient Field
- [☐] HIPAA Covered Entity
- [☐] Certified as CMS Specialized Registry
- [☐] User-friendly web interface
- [✓] Data analysis software
- [✓] Online user guides/educational materials
- [☐] Patient consent required before data release
- [✓] Required notification to patients of Query

### Zero-reporting Zero-reporting frequency: next business day

- [☐] Ability to identify prescriber specialty
- [☐] Ability for users to set thresholds for alert notices
- [☐] Ability for users to do user-led alert notices
- [☐] Unsolicited alerts to practitioners not enrolled in PDMP
- [☐] Ability to search for multiple patients in one query
- [✓] Supervisor review/audit of delegate accounts
- [☐] Maximum number of patients in one query: 50
- [☐] Number of delegates allowed: not limited
- [☐] Ability to de-identify data
- [☐] Authority to release de-identified data
- [✓] Authority to release for epidemiological or educational purposes
- [☐] Engaged in release for epidemiological or educational purposes
- [✓] Identifiable Data to State Health Department
- [☐] Identifiable Data to local Health Department
- [☐] Patient Notification of Breach
- [☐] Patient Breach Notification Written

### Frequency unsolicited alerts/reports generated:

- [☐] Delivery method for unsolicited alerts/reports: Notification sent via email

---

**PDMP Effectiveness Stud**

Public Health Management Corporation evaluates all program activities related to the CDC Prevention for States grant.

**Zero-reporting Zero-reporting frequency:** next business day

**Data analysis software**

**Online user guides/educational materials**

**Patient consent required before data release**

**Required notification to patients of Query**

**PDMP Effectiveness Stud**

Public Health Management Corporation evaluates all program activities related to the CDC Prevention for States grant.

**Frequency unsolicited alerts/reports generated:**

**Delivery method for unsolicited alerts/reports:** Notification sent via email
Data Retention

- Data retention policy
- Prescriber information purged
- Patient information purged
- Retain de-identified data
- All information purged
- Dispenser information purged
- Drug information purged
- Retention time: 7 years

Record retention details:
De-Identified data retention details:

PDMP User Training

PDMP Accounts

- Automatic enrollment with license renewal or application

Enrollment method: Users can register online. On the back end, PDMP system will have a licensing integration process whereby, it will validate the registrants licensing details with the PA State Licensing Boards in real time. This will allow registrants to sign up for the PMP AWARxE system quickly without filling any paper work.

Prescriber account criteria: DEA number, License Type, Position/title/rank, First Name, Last Name, DOB, Primary contact phone number and a health care specialty. If prescribers fill the NPI #, it will auto populate all the above fields (except DEA#).

Dispenser account criteria: If prescribers fill the NPI #, it will auto populate all the above fields (except DEA #).

Regulatory Board account criteria: They will get user access as the agency heads

Law Enforcement account criteria: They will get users/delegates access via the Office of Attorney General's agency head just for Schedule II controlled substances data. For access to other schedules law enforcement would need a court order.

Law Enforcement Requirements

- Active investigation
- Subpoena
- Court order/approval
- Probable cause
- Search warrant
- Proper need/upon request

Other: The Office of Attorney General shall query the system on behalf of all law enforcement agencies for Schedule II controlled substances and all other schedules upon receipt of a court order obtained by the requesting law enforcement agency.

Law Enforcement Access Methods

- On-line/web portal
- Written request
- Other method:

Criteria to Query PDMP

Minimum data elements: Patient's First Name, Last Name, DOB, Prescription Fill From and To dates

Partial data elements:

Optional data elements: Patient Location, Phone number, PMP InterConnect look up

Patient access to query list details:

Requirements for patients to get own report:

Download the form from the PA PDMP website, fill, sign and submit the form to the PA PDMP office via email or mail the application. Within 15 days, their prescription record will be mailed to them. If the request is made once in a calendar quarter, there is no charge. If the request for prescription record is made more than once a calendar quarter, there will be $20 fee.
Veterinarian access to owner's prescription history

**Criteria for veterinarian queries:**

**Required use - Prescriber**

1. The patient's record is available to the dispenser.
2. A patient's record is not available to the dispenser.

**Required use - Dispenser**

1. The patient's record is available to the dispenser.
2. A patient's record is not available to the dispenser.

**System query**

A prescriber shall query the system: (1) for each patient the first time the patient is prescribed a controlled substance by the prescriber for purposes of establishing a baseline and a thorough medical record; (2) if a prescriber believes or has reason to believe, using sound clinical judgment, that a patient may be abusing or diverting drugs; or (3) each time a patient is prescribed an opioid or benzodiazepine by the prescriber.

A dispenser shall query the system before dispensing an opioid drug product or benzodiazepine if any of the following apply: (i) The patient is a new patient of the dispenser. (ii) The patient pays cash when they have insurance. (iii) The patient requests a refill early. (iv) The patient is getting opioid products or benzodiazepines from more than one prescriber.

**Enrollment Description:**

Veterinarians are exempted from enrollment as data requesters.

**Use Description:**

Veterinarians are not permitted by statute/rule/policy to query.

**Veterinarian Policies**

- **Reporting method:**
  - Animal reporting specifications same as human patient
  - Data Fields:
  - Reporting description:
  - Reporting Issues:
  - Reporting Miscellaneous Information:
  - Compliance Details:
  - Reporting Mandate Actions

- **Enrollment Description:**
  - Veterinarians are exempted from enrollment as data requesters

- **Use Description:**
  - Veterinarians are not permitted by statute/rule/policy to query

- **Compliance Details:**
  - Veterinarian does not have a DEA or NPI number
  - Veterinarians are exempted from enrollment as data requesters
  - Veterinarians are not permitted by statute/rule/policy to query

## Technological Capabilities

### ASAP Versions Accepted
- [ ] ASAP 4-1/2010
- [ ] ASAP 4-2a/2016
- [x] ASAP 4-2/2011
- [ ] ASAP 4-2b/2019

### Data Transmission Methods Allowed
- [x] Electronic data transmission
- [x] Fax data transmission
- [ ] Mail data transmission
- [ ] Media data transmission
- Other

### Required Data Transmitters
- Pharmacy in-state
- Pharmacy in-state/mail order transmitters
- Pharmacy out-state/mail order
- Pharmacy out-state/other
- Other:
  - Dispensing doctor
  - Veterinarian
  - Long-term Care Facility Pharmacy
  - Correctional Facility Pharmacy
  - Department of Defense
  - Veterans Administration
  - Indian Health Services
  - Tribal Pharmacy

### Data Collection, Storage, Generation and Access
- Data collection entity: Vendor
- Vendor name: Appriss
- Data storage entity: Vendor
- Vendor name: Appriss
- Report generation entity: Vendor
- Vendor name: Appriss
- Data access entity: Vendor
- Vendor name: Appriss
- Data access method: Web Portal/On-Line

### Interstate Data Sharing
- Method: Jurisdictions Engaged
  - PMPi Hub: AL, AR, CT, DE, DC, FL, IL, LA, ME, MD, MA, MN, NJ, NY, NC, OH, OK, RI, SC, TN, TX, VA, WV and MHS
  - RxCheck Hub: AL, AZ, AR, CT, IL, KS, KY, MD, NE, NV, SD, UT, WV, WI

### Data Integration
- [x] State HIE in place
- [x] RxCheck Integration Allowed
  - Integration Hub: txCheck and PMP
  - % Providers Integrated: 75-100%
  - Data allowed to be downloaded/store: No
  - Data allowed to be manipulated for analysis: Yes
  - Data incorporate interstate data: Yes

### HIE Cost Model:
- Paid by Feds: Per Transaction
- Paid by State: Annual Fee
- Paid by Facility: Annual Fee
- Paid by Provider: Annual Fee

### Patient Matching
- Exact match
- [ ] Access to patient matching algorithms
- Probabilistic match
  - Matching data elements:
- Referential match
  - Matching metrics available:
- Deterministic match
  - Internal matching barriers:
  - Data quality issues, Limited data elements used in matching process, Lack of insight into matching methodology in use
- Manual match
  - Interstate matching barriers:
  - Data quality issues, Lack of insight into matching methodology in use
- Other match method
